- QUICK AND EASY DEBRIS REMOVAL

# CAPTURE MORE DEBRIS EFFECTIVELY AND EFFICIENTLY.

**DDC2**  
DECK DEBRIS CANISTER

The Paramount deck side debris containment canister minimizes the time spent maintaining your swimming pool. The DDC2 is conveniently located in the pool deck for easy debris removal. The large capacity basket collects debris before it reaches the pump basket allowing the pump to run more efficiently and less chance of clogging.

Designed to work in conjunction with the MDX-R3 debris drain and combined with a Paramount in-floor system, the DDC2 debris containment canister gives you peace of mind that your pool will be clean and swim ready year after year with very minimal maintenance.
