## BRING YOUR POOL & SPA WATER TO LIFE

airbar

Create the look of a bubbling volcano, river rapids or an exciting aerated feature on your pool & spa floor, bench or shelf. Airbar is a channel system installed flush with the bottom of your pool that delivers a rush of bubbles, infusing life and excitement into still waters.

Available in complete kits - 27" Octagon, 23" x 27" Hexagon, 42" Square and 53.5" x 42" Rectangle - that create fun and unique water shows. Or combine your imagination and our Airbar fixtures and create your own shape! Comes in white and grey and virtually invisible when installed.
