DEBRIS REMOVAL CHANNEL DRAIN FOR NEW OR EXISTING POOLS

Paramount's BUZZTOP channel drain is one of a kind. The solid top creates better velocity around the opening for superior debris removal making it one of the best unblockable drains available. The BUZZTOP can replace non-compliant drains in existing swimming pools that need the ability to remove debris. This drain meets the unblockable classification which allows it to easily replace single or dual drains found in older, non-compliant pools. It can be installed with its own sump or a field fabricated sump.

FEATURES AND BENEFITS

- A single, unblockable suction outlet compliant with the Virginia Graeme-Baker Pool and Spa Safety Act
- All components meet or exceed ANSI/APSP 16-2011 and NSF 50-2008 national standards
- For single or multiple drain use
- Single drain flow rate (floor): 120 GPM
- Manufactured from superior UV-resistant engineered polymers
