

# DDC

## DECK DEBRIS CANISTER

FROM THE WORLD'S #1 IN-FLOOR  
CLEANING SYSTEMS COMPANY

## SPEND MORE TIME ENJOYING YOUR POOL, NOT CLEANING IT.

The Paramount deck side debris containment canister minimizes the time spent maintaining your swimming pool. The DDC is conveniently located on the pool deck for easy debris removal. The large capacity basket collects debris before it reaches the pump basket allowing the pump to run more efficiently and less chance of clogging.

It's designed to work in conjunction with the MDX-R3 VGB compliant debris drain. Large debris collected by the MDX-R3 high capacity drain is stored in the canister until removal. Combined with a Paramount in-floor system, the debris containment canister gives you peace of mind that your pool will be clean and swim ready year after year with very minimal maintenance.

### FEATURES AND BENEFITS

- Conveniently located pool side for easy access
- Holds 300% more than most pump baskets
- Quick and easy debris removal; no threads, clamps, or seals
- Pre-filters heavier debris which keeps the circulation pump free and clear of debris that could restrict water flow
- Reduces maintenance and time spent removing debris
- Sturdy pvc construction
- Available in three colors to blend with any deck

# MVFUSE

MAGNETIC VACUUM RELEASE

## MVFUSE FEATURES & BENEFITS INCLUDE:

- LOCATED CLOSE TO DRAIN FOR MORE SENSITIVITY AND QUICKER RESPONSE
- PATENTED DESIGN PROTECTS PUMP SEALS AND WON'T CAUSE BURN OUT
- NO MECHANICAL DEVICES TO FAIL
- EASY TO RESET
- COMPLIANCE FOR IBC, IRC AND ANSI/APSP-7 CODES
- LENGTH OF PUMP PLUMBING HAS NO EFFECT ON MVFUSE REACTION TIME
- NO ELECTRICAL CONNECTIONS TO SHORT OUT
- PLUMBED AT WATER LEVEL, NO FORCE AT SUCTION OUTLET WHEN TRIPPED
- LOWEST COST AND MOST EFFECTIVE SVRS OPTION
- COMPLIANT TO VGB POOL & SPA SAFETY ACT FOR COMMERCIAL/RESIDENTIAL POOLS & SPAS
- DIRTY SKIMMER HAS NO EFFECT ON OPERATION

## YOUR PEACE OF MIND. AUTOMATICALLY.

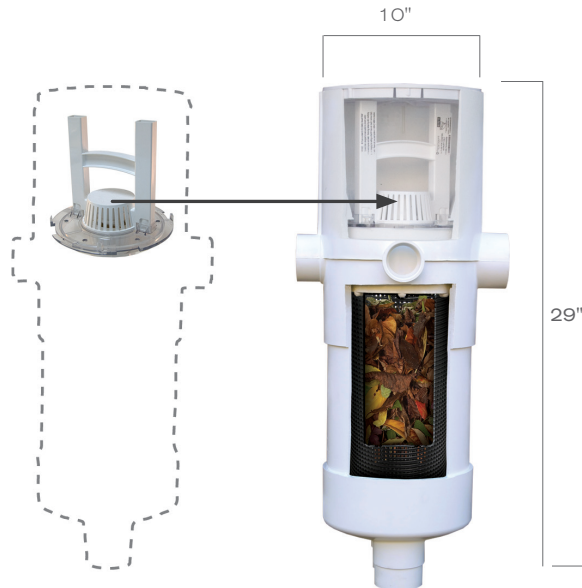

Paramount's MVFUSE, is the only listed magnetic safety vacuum relief system (SVRS) that takes pool & spa safety to the next level with an additional layer of anti entrapment protection. This patented MVFUSE technology eliminates the danger of body entrapment with its automatic suction release, giving pool & spa owners the peace of mind that their loved ones are safe.

Designed to operate pool & spa-side, which is closer to the point of suction than other SVRS systems, the MVFUSE is more sensitive and responds quicker, cutting down on precious seconds lost by other systems waiting to engage. The MVFUSE has no electrical connections to short out and no mechanical devices to fail, which means it will work every time.

## IN-CANISTER MVFUSE

Paramount's MVFUSE is available as an option in new debris canisters and can be retrofitted to existing canisters allowing for a simple and affordable safety upgrade.

**Warning:** MVFUSE must be installed in accordance with Paramount's written instruction manual, and in conformity with all applicable Federal, State, Local and Swimming pool industry building and safety codes.
