

SPEND MORE TIME ENJOYING YOUR POOL, NOT CLEANING IT.

The Paramount Debris Containment Canister minimizes the time spent maintaining your swimming pool. Working in conjunction with Paramount's optional MDX-R3 or BuzzTop VGB compliant debris removing drain systems, pools are cleaner and maintenance is easier. Large debris collected by the MDX-R3 high capacity drain is transported into the convenient pool side canister until removal. The easy to remove lid and basket with a capacity 300% larger than the average pump basket holds more debris so you don't have to empty it as often.

Combined with a Paramount in-floor system, the debris containment canister gives you peace of mind that your pool will be clean and swim ready year after year with very minimal maintenance.

FEATURES AND BENEFITS

- Conveniently located pool side for easy access for quick and easy debris removal
- Holds 300% more than most pump baskets
- Pre-filters large debris which keeps the circulation pump free and clear of debris that could restrict water flow allowing it to operate more efficiently
- Reduces maintenance and time spent removing debris
- Quick and easy debris removal, no threads, clamps, or seals
- Deck lid available in 3 designer colors

IN-CANISTER MVFUSE SVRS (OPTIONAL)

Add an additional layer of anti-entrapment protection with the patented MVFUSE to your existing Paramount Debris Containment Canister. The MVFUSE is the only listed magnetic safety vacuum relief system (SVRS) on the market. It's a quick and affordable upgrade to make your pool a safer environment for your family, giving you peace of mind.

- Provides an additional layer of safety
- Easy to retrofit to existing canister
- Peace of mind for you
- Affordable upgrade

ENHANCES IN-FLOOR CLEANING SYSTEMS

Efficiently contains any large debris
for easy deck side removal.

ENHANCES PRESSURE SIDE CLEANERS

Contains the large debris allowing the
cleaner to operate for longer cycles.

ENHANCES SUCTION CLEANERS

*Debris can be delivered directly to the
canister by suction cleaners allowing
these cleaners to operate more
efficiently for longer cleaning cycles.

*When combined with a Paramount Debris Removal Drain.
