

Enhances Cleaning & Circulation Unlike No Other System

Paramount Pool and Spa Systems, The World's Leader in in-floor pool cleaning systems, continues its commitment to pool cleaning and enhanced water circulation with SwingSweep. SwingSweep's patented wall mounted nozzles, powered by our SwingJet technology, fit into most threaded wall returns and deliver an infinitely adjustable 3-step 90 degree water flow arc with an innovative automatic reversing mechanism.

SwingSweep is ideal as a stand alone system, improving both cleaning and circulation, and can even supercharge any Paramount in-floor cleaning system.

The World's #1 In-Floor Cleaning Systems Company

Enjoy Cleaner, Healthier Pool Every Time

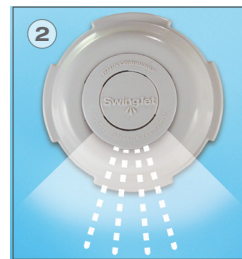

SwingSweep Benefits & Features:

- Improves overall circulation & heating
- Saves chemicals for the life of the pool
- Saves energy costs for the life of the pool
- Adjustable 3-step 90 degree cleaning arc
- Only wall return with ratcheting sweep technology
- Patented automatic reversing mechanism

How SwingSweep's 90° Arc Works:

The nozzles are installed as wall returns and are hydraulically activated to pop out and deliver a high-pressure stream of water.

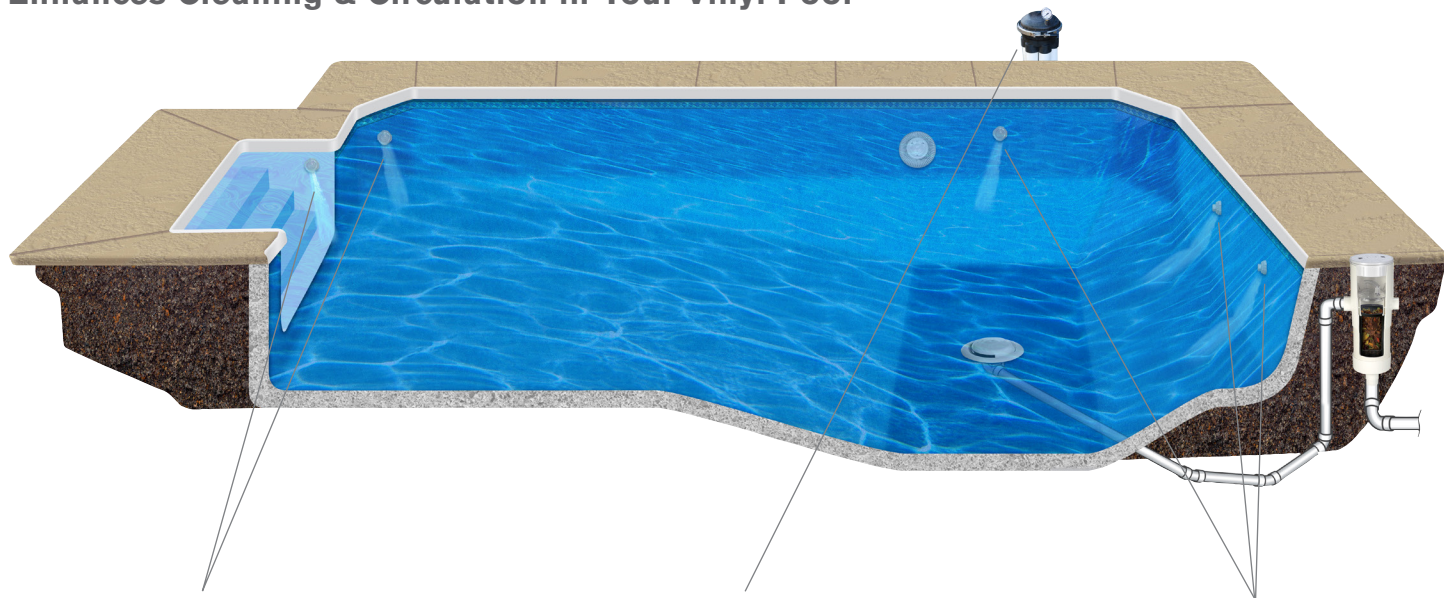

When the cleaning cycle is complete the nozzles retract and rotate to a new position upon the next activation.

The SwingSweep nozzles can be aimed to focus the 90° cleaning arc to target steps, benches and hard to reach places.

Enhances Cleaning & Circulation in Your Vinyl Pool

In Steps, Benches & Near Corners

SwingSweep nozzles can be placed near steps and benches to sweep away debris that has collected. They can also be aimed to enhance debris removal from corners and hard to reach places.

Water Valve

Warm, clean water is pumped to our patented water valve, a non-electric controller that efficiently distributes water to the SwingSweep nozzles.

On Walls

Additionally, SwingSweep nozzles can be installed on the walls as downjets to clean the walls and help sweep debris towards the main drain. An added benefit is the enhanced circulation of water from top to bottom.

A Solution For Any Pool or Spa

SwingSweep is available in two configurations to meet the needs of any pool or spa

- 6 nozzles with a 2-port water valve
- 9 nozzles with a 3-port water valve
