Paramount Product Catalog

Paramount®

Paramount®

HELLO PARAMOUNT CUSTOMERS,

Thank you for your interest in Paramount's new product catalog. Please look through it carefully as we've updated several items, including the addition of Paramount's new **RDX™ vanishing debris-removing drain**, the **OptiCirc** and **OptiCircPLUS** kits, a true **3" Three-way valve**, and a full line of additional valves and check valves.

As in years past, this catalog does not include pricing. Please contact our main office or your local Paramount Sales Manager for product pricing information. Contact information for our offices and the Paramount sales team can be found on the inside back cover of this catalog. You can also contact your local authorized Paramount distributor or buying group (if applicable) for more pricing information.

We would like to congratulate and thank Pool Environments whose project photo was selected as the back cover of this year's catalog.

Thank you to all the Paramount dealers who submitted project photos for this year's catalog. We hope to be able to share them with you via our 1Paramount.com website very soon.

On behalf of the entire Paramount Team, we want to thank you for your continued support and partnership with us. We are committed to providing top-notch products, the best customer service, and the highest level of support possible. We are here to support your business, and we are all looking forward to working with you and your teams!

All the best,

Kevin Bulling

Kevin Bulling
National Sales Manager, Paramount
A HAYWARD HOLDINGS BRAND

This catalog contains all products offered by Paramount. Some products are designated as controlled products and are not available to all builders. Simply order the system controlled products you are authorized to purchase. With that understanding, as an example, an authorized PV3® Dealer is only able to purchase the PV3® system products. Our Customer Service team watches over this to ensure that you, our customer, get the correct product. All non system products are available to all customers.

We make updates as needed throughout the year and will let you know when updates have been made, but the link will remain the same. Please save the link to the Paramount catalog site so you'll always have the latest version with the most up to date information available for use online or downloading and printing if you desire. We wish you the best of success! We look forward to serving you.

Paramount product color guide

Not all colors available for all products.

Pricing and availability subject to change without notice.

HOW TO ORDER FROM PARAMOUNT

To Order from Paramount

- Email your order to paramount@1paramount.com

Shipping Options

- All parcel orders will ship ground via UPS or FedEx at Paramount's discretion.
- Priority shipping is available for in-stock items when received by 11:00 am (Arizona local time). Additional charges apply.
  - Next Day early AM by 8:30am. *(Not available in all areas)*
  - Next Day Air.
  - 2nd Day Air.
  - 3rd Day Air.

How to Return a Product to Paramount

- An RGA number MUST be obtained from Paramount **before** products will be considered for return.
- Please email paramount@1paramount.com or call Customer Service at (800) 621-5886 to get an RGA number for your return.
- All returns are subject to a 20% restock charge.
- Freight on ALL returns must be prepaid.
- A tracking number is required as proof of delivery.

Invoice Terms and Conditions

Ordering: For prompt and proper shipment, please order by catalog number and description. Paramount reserves the right to consider each order, or addition, as separate and subject separately to the terms and conditions herein outlined. Pricing is subject to change for orders that cannot be delivered within sixty (60) calendar days of receipt of the order or because the requested shipment date exceeds sixty (60) calendar days. By submitting an order where delivery time extends beyond sixty (60) days the purchaser acknowledges the possibility of a pricing change or limitations in the ability to deliver the goods in a timely fashion. Paramount will accept orders for extended timeframes with this understanding in place. Orders impacted by such changes are eligible for cancellation so long as the order is not in the process of shipping.

Paramount also reserves the right to implement a price increase for all orders placed but not yet shipped to account for rising costs including but not limited to costs associated with commodities, ocean freight, tariffs, government regulations and labor. Orders impacted by such a price increase are eligible for cancellation so long as the order is not in the process of shipping.

Paramount's Buyer's Guide and other Price Lists may be amended from time to time on thirty (30) days' notice.

Shipments: All shipments are F.O.B., Phoenix, AZ or Mocksville, NC. Freight allowed on shipments with a minimum value of $18,500 for Distributors or $10,500 for Dealers, within the Continental limits of United States excluding consolidated shipments for export. Prices include standard domestic packing only. Crating and export packing may be extra. Shipping weights and dimensions, where provided are approximate and are for use as a guide only. Carton weight is weight of Carton Quantity indicated.

Claims: All Claims must be made within ten days after receipt of merchandise. If any shipment is received in a damaged condition your claim must be filed with the delivering carrier and noted on the freight bill before accepting the merchandise.

Returns: All returns are subject to our written approval and must be accompanied by a "RETURN GOODS AUTHORIZATION" form obtained from Paramount Customer Service, prior to shipment. Please call Customer Service at 800-621-5886 to obtain an RMA number. Unauthorized returns will NOT be accepted. Freight must be prepaid. Material returned for credit, if in original condition and resaleable, is subject to a 20% handling charge and adjustment of prorated original outbound freight. Upon inspection by Paramount, material returned that is not in original condition and resaleable will be returned to Buyer at the Buyer's cost.

Taxes: Any Federal or State Excise or Sales Tax for which we may be liable on any sale will be charged to and paid by the buyer. Buyer is responsible for furnishing resale certificate.

Contract: Paramount is a Hayward brand and Hayward Business Unit. Except for the terms of any written and executed distribution, supplier or reseller agreement between the Parties, these Terms and Conditions of Sale ("Terms") are the entire contract between Hayward Industries, Inc., 1415 Vantage Park Drive, Suite 400, Charlotte, NC 28203 ("Hayward" or "Paramount") and the Buyer (collectively the "Parties") with respect to the goods or materials purchased and any related services (collectively, "Goods") and it supersedes any prior communications or agreements between the parties about the Goods. Any reference to Buyer's order or other form is for information only and Paramount rejects all terms and conditions proposed by Buyer therein. These Terms will apply to all sales by Paramount under the Buyer's Guide and any related releases unless modified or waived by any specific different terms stated on the face of an Invoice or release, regardless of any course of dealing or industry practice to the contrary. The terms of any written and executed distribution, supplier or reseller agreement between the Parties will control if and to the extent they conflict with terms set forth herein.

Acceptance: Buyer's written acknowledgement of these Terms, acceptance of any Goods hereunder, or payment of the amount due by Buyer as indicated on an Invoice will constitute its acceptance of these Terms. Without Paramount's written consent, no additional or different terms proposed by Buyer in its acknowledgement or otherwise will be effective to modify these Terms and Buyer will be deemed to have accepted the Terms without such modifications.

Delivery of Goods: Delivery by Paramount to a carrier shall constitute delivery to Buyer. Even though Goods are shipped to the order of Paramount, Buyer assumes all responsibility for shortage, loss, delay, or damage in transit on issuance to Paramount by carrier of a bill of lading.

Limited Warranty: Any claim of warranty must be authorized prior to return. Paramount reserves the right to inspect the product prior to warranty claim. Please visit www.1Paramount.com for warranty details.

Disclaimer: NO OTHER EXPRESS WARRANTY HAS BEEN MADE OR WILL BE MADE ON BEHALF OF PARAMOUNT WITH RESPECT TO THE GOODS OR THE INSTALLATION, OPERATION, REPAIR OR REPLACEMENT OF THE GOODS. PARAMOUNT SHALL NOT BE RESPONSIBLE FOR DAMAGE, LOSS OF USE OF THE UNIT, INCONVENIENCE, LOSS OR DAMAGE TO PERSONAL PROPERTY, WHETHER DIRECT OR INDIRECT, AND WHETHER ARISING IN CONTRACT OR TORT. LIMITATION ON IMPLIED WARRANTIES. IMPLIED WARRANTIES, INCLUDING ANY WARRANTY OF MERCHANTABILITY IMPOSED ON THE SALE OF THE GOODS UNDER STATE LAW, ARE LIMITED TO ONE YEAR DURATION FOR THE GOODS OR ANY PARTS. SOME STATES DO NOT ALLOW LIMITATIONS ON HOW LONG AN IMPLIED WARRANTY LASTS, SO THE ABOVE LIMITATION MAY NOT APPLY TO BUYER.

Limitations of Liability: Paramount's liability and Buyer's sole remedy, whether in contract, under any warranty, in tort (including negligence), in strict liability or otherwise, shall not exceed the return of the amount of the purchase price paid by Buyer, and under no circumstances shall Paramount be liable for any special or consequential damages, including, but not limited to, personal injury, property damage, damage to or loss of equipment, lost profits or revenue, costs of renting replacements, and other additional expenses, even if the seller has been advised of the possibility of such damages. The price stated for the equipment is a consideration in limiting Paramount's liability and Buyer's remedy. Paramount will not be liable for any damages, losses, or expenses as a result of Buyer's negligence, whether deemed active or passive and whether or not any such negligence is the sole cause of any such damage, loss, or expense. This warranty gives Buyer specific legal rights, and Buyer may also have other rights which vary from state to state.

Sale on Credit: The goods shall be shipped by Paramount to Buyer on 30 days credit. The credit period shall commence to run from the date of shipment. Delay in the transmission of an Invoice from Paramount to Buyer, resulting from any cause arising after the dispatch of an Invoice by Paramount to Buyer and over which Paramount has no control, shall not extend the period for payment. Buyer will furnish to seller any requested financial and credit information pertaining to the Buyer's business enterprise for the establishment and/or continuation of a credit line.

Failure to Pay: Within 30 Days. If Buyer fails to pay the invoice amount within 30 days of the date of shipment, Paramount may recover from Buyer: (i) interest at the rate of 1.5% per month (18% APR) of the total amount outstanding, and (ii) any expenses and/or attorney's fees incurred in connection with attempts to collect outstanding balances.

Fair Labor Standards Act: This is to certify that the merchandise listed in this invoice has been produced in accordance with the Fair Labor Standards Act of 1938, as amended. Indemnification. Buyer will defend and indemnify Paramount and its directors, employees, agents, customers, end users, successors and assigns from and against all actual and alleged claims, liabilities, suits, damages, losses and expenses (including attorney's fees and legal costs) arising from or caused, in whole or in part, by Buyer's breach of any provision, term or condition of this Invoice.

Indemnification: Buyer will defend and indemnify Paramount and its directors, employees, agents, customers, end users, successors and assigns from and against all actual and alleged claims, liabilities, suits, damages, losses and expenses (including attorney's fees and legal costs) arising from or caused, in whole or in part, by Buyer's breach of any provision, term or condition of any Invoice or these Terms.

Binding Effect: This Invoice is binding on the parties and their respective directors, officers, employees, agents, subcontractors, successors and permitted assigns.

Cumulative Remedies: Paramount's remedies herein are cumulative and in addition to any other further remedies available to it at law or equity.

No Waiver: Paramount's failure to enforce any right provided herein or to which it is entitled at law or equity will not constitute a waiver of that right or of any other rights to which it is entitled.

Governing Law: These Terms will be interpreted and enforced under the laws of the State of North Carolina, USA (including, without limitation, the provisions of the Uniform Commercial Code as adopted by North Carolina), without recourse to the conflict of law provisions thereof. In no event will the provisions of the U.N. Convention on the International Sale of Goods apply to these Terms. The parties agree that any action or proceeding arising out of or in connection with these Terms will be brought exclusively in a state or federal court in Mecklenburg County, North Carolina.

Subject to Change: These Terms and Conditions of Sale are subject to change at Paramount's sole discretion.

CIRCULATION BENEFITS THAT WILL LAST THE LIFE OF YOUR POOL.

Healthy swimming pool water. It's what every pool owner expects, but not what every pool owner gets. That's because not every pool is custom-designed for optimal circulation. Paramount's advanced in-floor pool circulation improves your swimming environment from the bottom up, allowing you to maintain a healthier pool while helping reduce your chemical and energy costs. Simply put, installing a Paramount Advanced In-Floor Circulation System is a smarter way to build a swimming pool.

HOW IT WORKS

- Hydraulically-engineered circulation nozzles are installed into the pool floor. When activated by the automatic water valve, the nozzles pop up and sequentially rotate 360 degrees to deliver a jet stream of freshly filtered water across the pool floor.
- Every Paramount pool comes with custom engineered infloor system.* The location of each head is specific for that pool, promoting advanced circulation while also addressing tough to clean areas of the pool; focusing on steps, tanning decks, benches and hard to reach areas of the pool.
- Simple nozzle operation: nozzles have no moving parts. Paramount offers a limited lifetime (non-transferable) warranty on all nozzles.
- When not in operation the in-floor nozzles retract flush with the pool floor, becoming virtually invisible.

*OptiCirc and Eco Designs are at the Builder's discretion using up to 11 nozzles. Customized CAD plans are not included with these systems.

ORDINARY POOLS

For decades, almost every swimming pool was built the same way. Water was circulated near the pool surface through standard inlets. This can lead to poorly circulated algae-prone areas and also create a high concentration of chemicals and heat near the pool's surface.

SAVE ON CHEMICAL COSTS

Since ordinary pools have a higher concentration of chemicals near the surface, many chemicals are wasted due to the sun and wind. Paramount's Advanced Circulation System spreads chemicals more evenly throughout the pool, creating a healthier, more algae-free pool with fewer chemicals lost to the air.

SAVE ON ENERGY COSTS

A Paramount Advanced Circulation System is engineered to circulate water from the pool floor. By the natural process of rising heat, energy is evenly dispersed, thus eliminating cold spots and ensuring less heat energy to escape into the air, yielding significant energy savings for the life of your pool.

The ParaskimV venturi skimmer utilizes venturi action to deliver more skimming power with the pump running at low speeds for better energy efficiency and surface debris removal.

It's up to 70% more efficient than other venturi skimmers and up to 200% more efficient than regular skimmers.

Our newly designed weir door offers better water flow and prevents most debris from getting trapped.

Debris Canisters

EDC Equipment Side Debris Canister

- Conveniently located and mounted at the equipment pad for easy installation and maintenance
- Plumbed before the circulation pump to trap debris from spa, skimmer and main drain lines before it reaches the pump and filter
- Eliminates an additional deck lid for a cleaner looking pool deck

EDC - Equipment Side Canister

004-152-4516-00

Fine Mesh Bag

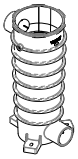

004-152-4517-00

Fits Paraskim, EDC and DDC2 canisters. Must be used with Replacement Basket

Replacement Handle for Basket

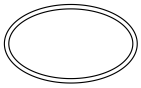

005-152-2210-00

Fits basket for Paraskim, EDC and DDC2 canisters

EDC - Replacement Lid O-Ring

005-152-2206-00

DDC2 Debris Canister

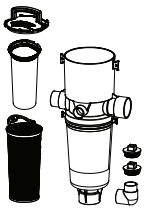

- Conveniently located pool side for easy access
- Holds 300% more than most pump baskets
- Quick and easy debris removal; no threads, clamps, or seals
- Pre-filters heavier debris to keep the pump clear of debris that could restrict water flow.

DDC2 - Deck Side Debris Canister without Deck Lid & Ring

004-152-4720-00

Includes basket, fine mesh bag and 3" street ell.

DDC2 - Deck Side Debris Canister with MVFuse® Complete

MVFuse® In-Deck Unit Replacement Parts

Paramount's MVFuse®, the only listed magnetic Safety Vacuum Release System (SVRS), takes pool and spa safety to the next level with an additional layer of anti-entrapment protection.

Designed to operate pool and spa-side, which is closer to the point of suction, cutting down on precious seconds lost by other systems waiting to engage.
