

Ultra UV₂[®]

Ultimate UV Water Treatment

Ultra UV₂

ULTIMATE UV WATER TREATMENT

DESIGNED FOR CLEANER, HEALTHIER POOL WATER

Enhance your pool with an added layer of protection and water treatment beyond traditional chlorine or salt-based systems. As water passes through the Ultra UV2 chamber, a UV-C lamp helps to breakdown chlorine-resistant microorganisms like cryptosporidium, giardia, and algae. The result is cleaner, clearer water without harmful by-products. Plus, Ultra UV2 significantly reduces chlorine demand while still maintaining optimal residual chlorine levels for safe, balanced water.

- » Quick release piping connections make it easy to install
- » Automatically activated by the flow of water
- » 100% corrosion resistant
- » Safe, eco-friendly & family-friendly
- » Reduces chemical demand by up to 50%
- » Helps to reduce or eliminates bacteria, viruses, and other harmful microorganisms
- » 2 year limited warranty
